A SAFER, MORE SECURE SOLUTION

Building Security for Modern Enterprises

Verkada is a fully integrated hardware and software solution that strengthens safety and simplifies security ownership.

Video Security
Hybrid cloud cameras offer onboard storage and edge-based processing to reliably deliver insights in real-time.

Alarms
Catch and respond to break-ins with cloud-managed intrusion detection and 24/7 professional monitoring.

Air Quality Sensors
Verkada's SV20 Series Air Quality Sensors monitor for the health and safety of all environments.

Access Control
Manage doors, credentials and users across sites at ease with global access and active directory integrations.

Verkada Guest
Personalize the check-in experience for all types of visitors while integrating with cameras and access control.

KEY BENEFITS

✔ **Unlimited user seats at no additional cost**

✔ **Customizable level of site permissions**

✔ **Access to Verkada's top-rated mobile app**

✔ **Automatic updates and new features**

✔ **Unlimited cloud archiving**

✔ **Monitor, save and share from one screen**

If physical security is one of your pain points, we can help you discover the solution that's right for you.

We want to ensure that your organization remains secure. What a better way to maintain the safety of your company than by installing the **fastest growing** security solution in the nation.

"It (Verkada) reduces margin of error [and] overhead costs. Because of Biztec [and] Ron's knowledge of the product, they know all of the capabilities and suggest appropriate models. Where I may want to choose model B because of specs, model A may actually be more affordable and effective for our needs."
